

## QA Assignment

b.- Report at least 3 bugs and write a test case for each bug report that should pass if the issue is fixed

### BUG 1.

**ID:** Immense-001

**Title:** Images cannot be edited.

**Description:** When you try to edit an image and choose a different one, once you click on the Update Item button, the image is not being updated.

**Priority:** High

**Severity:** Medium

**Area:** List of items.

**Reported by:** Rodolfo Pacheco.

**Status:** New.

#### Steps to reproduce:

1. Go to Immense Hollows page and click on the Edit button of any of the items.
2. Select a different image to update.
3. Click on the Update Item button.
4. Check the results

#### Actual results:

Item's image cannot be edited.

#### Expected results:

Item's image should be able to be edited.

### BUG 2.

**ID:** Immense-002

**Title:** Syntax errors on Delete confirmation message.

**Description:** The word "sure" is misspelled as "shure" on the Delete Item confirmation message, also there's an interrogation quote at the beginning of the sentence.

**Priority:** Medium

**Severity:** Low.

**Area:** List of items.

**Reported by:** Rodolfo Pacheco.

**Status:** New.

#### Steps to reproduce:

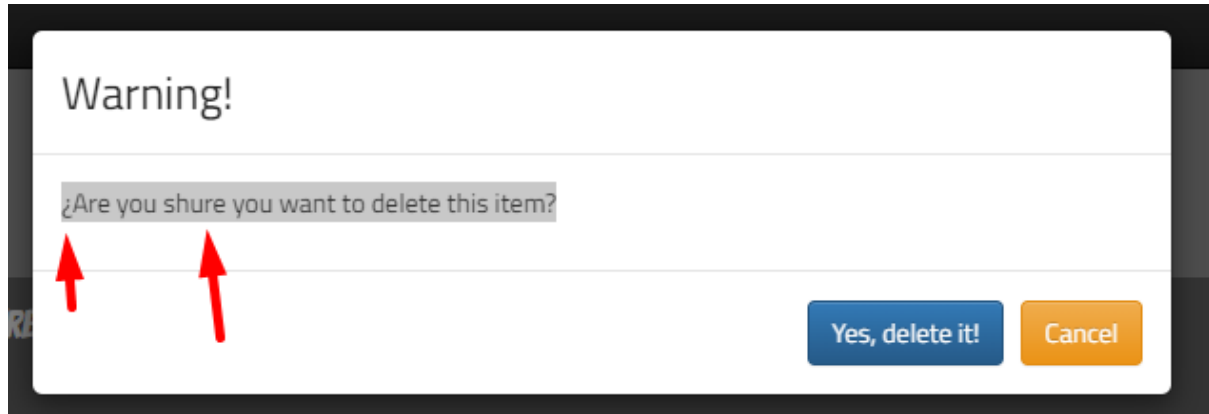

1. Go to Immense Hollows page and click on the Delete button of any of the items.
2. Check the Delete Confirmation Message.

**Actual results:**

“¿Are you shure you want to delete this item?” message is displayed.

**Expected results:**

Message should be displayed as: “Are you sure you want to delete this item?”.

**Attachment:****BUG 3.**

**ID:** Immense-003

**Title:** Image path is not cleaned after selecting another item.

**Description:** When you select an item the image path is not being cleared, so it will be very easy for a user to upload an unintended image.

**Priority:** Medium

**Severity:** Medium.

**Area:** List of items.

**Reported by:** Rodolfo Pacheco.

**Status:** New.

**Steps to reproduce:**

1. Go to Immense Hollows page and select an image to upload.
2. Click the Edit button on any of the items.
3. Check the Image Uploader field.

**Actual results:**

The image path remains the same, it's not cleaned when selecting another item.

**Expected results:**

Image path should be cleaned when selecting another item.

## TEST CASES

### TC 1.

**ID:** TC-001

**Description:** Edit an item with valid data.

**Created by:** Rodolfo Pacheco.

**Status:** Failed.

**Area:** List of items.

**Bug related:** Immense-001, Immense-003.

**Priority:** High

**Preconditions:**

Have at least one item already added.

STEPS	EXPECTED RESULT
1. Go to Immerse Hollows page and click on the Edit button of any of the items.	<ul style="list-style-type: none"><li>- Item's image data is retrieved on the Image field on the Items Detail form.</li><li>- Item's description data is retrieved on the Description field on the Items Detail form.</li></ul>
2. Click on the Choose File and select a valid image.	Image name and extension is displayed on the Image field.
3. Enter an item description with less than 300 characters.	Item description is correctly entered.
4. Click on the Update Item button.	<ul style="list-style-type: none"><li>- Item's image is correctly updated.</li><li>- Item's text is correctly updated.</li></ul>

### TC 2.

**ID:** TC-002

**Description:** Validate Item's list and form syntax.

**Created by:** Rodolfo Pacheco.

**Status:** Failed.

**Area:** List of items.

**Bug related:** Immense-002.

**Priority:** Low.

**Preconditions:**

None.

STEPS	EXPECTED RESULT
1. Go to Immerse Hollows page and validate all elements' syntax and UI.	<ul style="list-style-type: none"><li>- Menus' syntax and UI are correct.</li><li>- Labels' syntax and UI are correct.</li><li>- Text areas' messages and</li></ul>

	<p>placeholders' syntax and UI are correct.</p> <ul style="list-style-type: none"> <li>- Buttons' syntax and UI are correct.</li> </ul>
2. Create a new item and validate all elements' syntax and UI after creation.	<ul style="list-style-type: none"> <li>- Menus' syntax and UI are correct.</li> <li>- Labels' syntax and UI are correct.</li> <li>- Text areas' messages and placeholders' syntax and UI are correct.</li> <li>- Buttons' syntax and UI are correct.</li> </ul>
3. Click on the Edi button of any item and validate all elements' syntax and UI after update.	<ul style="list-style-type: none"> <li>- Menus' syntax and UI are correct.</li> <li>- Labels' syntax and UI are correct.</li> <li>- Text areas' messages and placeholders' syntax and UI are correct.</li> <li>- Buttons' syntax and UI are correct.</li> </ul>
4. Click on the Delete button of any item and validate all elements' syntax and UI after update.	<ul style="list-style-type: none"> <li>- Menus' syntax and UI are correct.</li> <li>- Labels' syntax and UI are correct.</li> <li>- Text areas' messages and placeholders' syntax and UI are correct.</li> <li>- Buttons' syntax and UI are correct.</li> <li>- Messages syntax is correct.</li> </ul>
